

Corporate Membership Opportunities

LiveWell Greenville, in partnership with the South Carolina Hospital Association (SCHA), is providing local businesses with an opportunity to access resources through SCHA's Working Well initiative.

Working Well is a strategy for businesses to establish a culture of health within the workplace. As a **LiveWell Greenville Corporate Member**, you will learn best-practices to increase employee productivity by addressing nutrition, physical activity, tobacco, emotional wellbeing, and financial wellbeing at low-or-no-cost.

Your LiveWell Greenville Corporate Membership also includes a ticket to each of LiveWell Greenville's **Healthy Workplace Forums** which are held three times a year and facilitated by an expert speaker or panel to address various topics on health in the workplace.

LiveWell Greenville's Anchor Investors include corporate partners that contribute more than \$2,500 annually to support LiveWell Greenville initiatives. If your business would like information on contributing as an anchor investor, please contact Lori Burney at 864.437.6718.

Join the Movement. Become a Corporate Member.

LiveWell Greenville has partnered with the South Carolina Hospital Association (SCHA) to offer local businesses with the **LiveWell Greenville Corporate Membership** in order to help improve the overall health of the Greenville County community.

As a LiveWell Greenville Corporate Member, you have access to resources provided through **LiveWell At Work**, a group of local business professionals who are committed to helping you and your management team optimize human capital.

Your LiveWell Greenville Corporate Membership includes a ticket to each of LiveWell Greenville's **Healthy Workplace Forums** which are held three times a year and facilitated by an expert speaker or panel to address various topics on health in the workplace.

SCHA's **Working Well** is a comprehensive strategy to establish cultures of health and improved productivity in worksites across South Carolina by addressing the wellness needs of employees.

Through the Working Well initiative, you will learn best-practices to increase employee productivity by addressing their health and wellness needs for little to no cost.

Your business also has the opportunity to receive award recognition through a customizable and affordable online assessment tool. The **Strategy for Wellbeing** Web Platform addresses the

Nine Dimensions of Worksite Wellbeing:

1. Wellness Culture
2. Nutrition and Food Environment
3. Access to Physical Activity
4. Tobacco Cessation
5. Emotional & Mental Wellbeing
6. Financial Wellbeing
7. Risk Assessment & Outreach
8. Incentives & Communication
9. Evaluation

After taking the assessment, your business will receive a numerical score and rating for each dimension to determine award eligibility. In addition, your business will be benchmarked and will receive a customized improvement plan.

As a **Working Well Award** recipient, your business will receive a **LiveWell Greenville Healthy Workplace Award** in recognition of your initiatives to create and maintain a healthy workplace.

Organizations that receive the highest level of achievement have the opportunity for statewide recognition through press releases, articles and events.

With a rolling deadline, you may participate in the awards process at any time. But don't put the health and wellbeing of your employees.

Go Ahead. Join the Movement.

For more information on becoming a Corporate Member, please contact Lori Burney, Development Director at 864.437.6718 or go online to livewellgreenville.org/membership.
