

[LiveWell Greenville](#) champions healthy eating and active living through convening community partners to impact policy, systems, and environmental changes.

Bon Secours St. Francis is one of the founding partners of LiveWell Greenville. Bon Secours created a **systems change** at the Wellness Arena by introducing several new menu items to offer healthier options for people attending sporting events, concerts and traveling shows. Additionally, Bon Secours encouraged the Wellness Arena to adopt an **environmental change** by providing a place for people to be physically active regardless of weather and ability called Well Walkers.

We are all LiveWell Greenville - making the healthy choice the easy choice.

#### LiveWell Greenville and Bon Secours St. Francis Partnership Facts:

- Driver in neighborhood based work specifically in the Sterling and City View communities.
- Key partner with LiveWell At Worship and At Work.
- Utilized success rhino concession at water parks as a model for creating healthy vending options in The Wellness Arena.
- Instrumental in securing The Duke Endowment by serving as the fiscal agent and key Health Care partner.
